

GREEN-GOODS VICTIM'S TURN

Catches Man Who Attempts for Second Time to Exchange Sawdust for Gold.

MISSOURI MAN'S STORY

Dingle Weeps While He Tells of His Vain Search for Money at Less than Face Value.

In prosecuting an alleged green-goods man in the Adams Street Court, Brooklyn, to-day J. B. Dingle, of No. 413 Read street, Moberly, Mo., admitted that for years he has been making persistent but futile efforts to purchase money, or what would pass for it, at a rate much lower than he could get it legally. He wept when telling of the duplicity of green-goods merchants, who invariably sold him tissue paper or sawdust for hard-earned coin.

But when the same man tried to palm off sawdust on him the second time in five years he protested and says he will now prosecute him.

Dingle came to New York five years ago in response to a circular offering him \$10,000 worth of money "just as good as the genuine" for \$500. He paid the \$500, and when he got home he found a box filled with sawdust.

A month ago he received a circular from New York saying that the sender had come into possession of the steel plates missing from the Treasury Department in Washington, from which the \$5 and \$10 bills of 1891 had been printed, and that he was printing good money. Dingle corresponded with him, and in return he was told to come to a hotel in Manhattan and there register under a designated assumed name.

After that he was to go to his room and remain there until a man knocked. The pass-word was then to be "Front."

The man came and Dingle recognized him as the same man who had sold him the box of sawdust. Dingle ordered him out of the house. Then he reported the matter to the police, and Detective Cullen and Bonner, of the Brooklyn headquarters, arrested Henry Morris, alias Henry Phillips, whose picture is in the Rogers' Gallery under the name of "Sheeney Harry." Morris, who is fifty-two years old, is said to be one of the best known green-goods men in the country. He has been making his headquarters in a saloon at No. 157 Broadway, Brooklyn.

WASHINGTON, Sept. 26.—Frank McKie, who wrecked the Golden Eagle Hotel, at New Jersey avenue and D street, Northwest, then committed suicide, was active in West Philadelphia politics while he lived in Philadelphia. He was a member of the Portlith Ward Republican Club.

At No. 5702 Woodland avenue, where McKie boarded for two years, the landlady said that he was pleasant, popular with the other boarders and with many friends. His only fault was intemperance.

Mrs. McKie, the young man's step-mother, lives in Philadelphia.

An uncle of McKie, who was located to-day in Philadelphia, at No. 5702 Woodland avenue, telegraphed to Major Sylvester, Chief of Police, that he would come to Washington and take charge of the body. Letters from Charles B.

Connell, of the Philadelphia Common Council, were found in McKie's room. McKie is known to have inquired regarding the effect of explosives. There seems no doubt that the explosion was deliberately planned.

POLICE SCENT MURDER.

Find Package Containing Some Blood-Stained Clothing

ST. LOUIS, Sept. 26.—Some days ago a package was left at a business office, and when it was opened last evening it was found to contain clothing saturated with blood and a two-pound plated scale weight, also blood-stained. There was a shirt marked "D. G.," a collar, baby dress, a woman's shirt waist and a bartender's apron.

It is not known just when the bundle was left, nor who left it. The bundle was turned over to the police, who have begun an investigation on the theory of a murder having been committed.

CONSUMPTION CURED.

Mr. Edward Schubarth and Mrs. H. C. Allington, Whom the Doctor Said Had Incurable Consumption, Were Permanently Cured by

Duffy's Pure Malt Whiskey

STOPPED HEMORRHAGES.

Gentlemen: It is with great pleasure that I write to inform you that I have used eight bottles of your Pure Malt Whiskey. I would not have been here to-day only for your wonderful medicine. I have used all kinds of cough syrups and been under the care of doctors. I have had three severe attacks of grip and pneumonia, which have left me with a bad cough and weak lungs and heart. I am 67 years old. It has toned up my system and stopped the hemorrhages. I cough but very little. I only regret I did not know of your whiskey before. I cannot express what it has done for me. I beg to remain, Yours respectfully,

ED. SCHUBARTH.
Nashua, N. H., Sept. 11, 1902.

QUICKLY CURED.

Dear Sir: I picked up one of your circulars on a table about a month ago and read through. After reading I went out and bought a bottle of your whiskey which helped me right away. I am now on my fourth bottle, using it for so-called incurable consumption, and I feel like a new man. I think that if I had known of your whiskey when I was at home in Chicago, I would have never come out here for my health. ED. SCHUBARTH.
1608 Market St., Denver, March 18, 1902.

There are thousands of cases just like that of Mr. Schubarth and Mrs. Allington, where the patients thought they had incurable consumption until their doctors prescribed Duffy's Pure Malt Whiskey. Duffy's Pure Malt Whiskey is absolutely pure and possesses more curative power than all other medicines. It contains no fuel oil, so common in other whiskeys, and which is a dangerous ingredient in whiskey, especially for the diseased system, when the poison takes effect.

Duffy's Pure Malt Whiskey not only drives out consumption germs and heals the lungs but it builds up new tissues and renovates the entire system. It aids digestion, stimulates and enriches the blood, tones up the heart, invigorates and builds up the body so that it will throw off all disease. At the Medical Convention in Albany one of the leading doctors said he would rather have Duffy's Pure Malt Whiskey to cure consumption, catarrh, asthma and diseases of the throat and lungs than all the quack medicines in the world, and the doctors present agreed with him unanimously. Duffy's Pure Malt Whiskey is good for old and young. It has carried the blessing of health to hundreds of thousands of poor sufferers. Many have tried to imitate it, and unreliable dealers have been known to try to sell their customers some cheap substitute because there was more profit in the substitute. So we caution our patients to be careful and see that "Duffy's Pure Malt Whiskey" is on the label, and that it is our own patent bottle, with the name blown in the bottle. This is the only Duffy's Pure Malt Whiskey is sold. If offered in bulk or in flasks it is a fraud. The genuine at all druggists or grocers or direct, \$1.00 a bottle. It is the only whiskey recognized by the Government as a medicine. This is a guarantee.

A valuable medical booklet containing symptoms and treatment of each disease and many testimonials will be sent free to any reader of The World who will write Duffy Malt Whiskey Co., Rochester, N. Y.

Siegel Cooper Co., Sixth Avenue, 18th and 19th Streets.

The Clothing Business Has Its Amusing Phases.

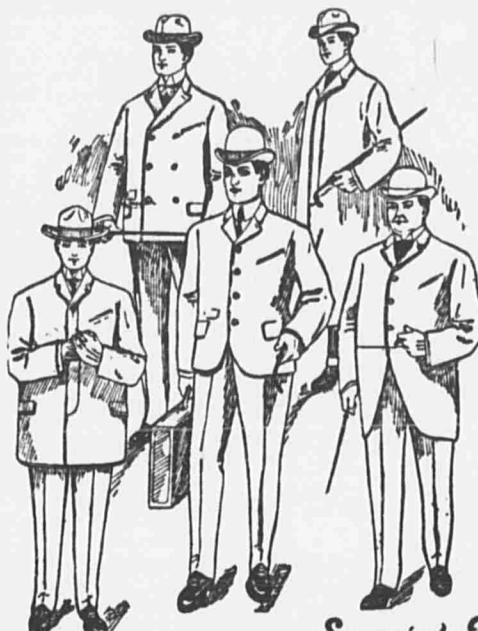

There is lots of entertainment in the study of the local clothing situation. Take the man who journeys homeward after a busy day. He sits in a surface car for example.

Clothing Advertisements Are Over His Head, in His Head, and in the Newspaper He Holds in His Hands.

Perplexity knits his brow. He needs new clothing, but he is confused by the deluge of adjectives, of plausible subterfuges, of cunning inventions which confront him. What is he to believe? One merchant says he is giving \$25 suits away for less than \$17. Unconscious philanthropy, forsooth! Another firm suddenly bestirs itself, and in an outburst of eloquence is eager to sell \$30 and \$25 suits for less than \$15. Wonderful! And so it goes. Exaggeration spreads like a prairie fire. Invention is said to be the mother of necessity. This store is not compelled to resort to hyperbolic valuations to attract people into its clothing sections. Such offers as the following are all that is necessary to impress the careful thinking man who wants the best possible value for the money he expends.
